### IN THE MATTER OF CERTIFYING CLAIMS SCHEDULES TO THE HURON COUNTY AUDITOR FOR PAYMENT

Gary W. Bauer moved the adoption of the following resolution:

**WHEREAS**, as per Ohio Revised Code 305.10, a resolution must be made by the Board of Huron County Commissioners to accompany the Claims Schedule to the Huron County Auditor's Office for payment; now therefore

**BE IT RESOLVED**, that the Board of Huron County Commissioners does hereby approve Claim Schedule C 14-24 authorize the Huron County Auditor to make the necessary warrants; and further

**BE IT RESOLVED**, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Tom Dunlap seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Gary W. Bauer Aye – Tom Dunlap Aye – Joe Hintz

### At 9:30 a.m. Public Comment

Public Comment Kevin and Marcia LeDete came before the board in regards to the Wind Farm. Mr. LeDete questioned if Huron County was zoned an alternative energy zone? The Commissioners answered no. Mr. LeDete stated he has a document county bulletin regarding Senate Bill 262, explains how the turbine develops can get a tax abatement when they are paying \$9,000.00 a megawatt on the turbine or can they be taxed in full. Mr. Bauer asked that the Huron County Auditor Roland Tkach sit in on this conversation. Mr. LeDete questioned if the Wind Farm came before the Huron County Commissioners to request tax exemption and was it approved by the Commissioners? The Commissioners stated no the Wind Farm did not come before the board regarding a tax exemption. Mr. LeDete stated that it is his understanding that when this is approved by the Ohio Power Siting Board, Mr. Bauer then stated that it has been approved by the Ohio Power Siting Board. Mr. LeDete stated he was under the assumption that it was going to be voted on in August. Mr. LeDete is hoping that the township will have leverage regarding this project. Mr. Tkach questioned if the Commissioners have done a resolution regarding the Wind Farm. Mr. Bauer stated no they have not voted for or against. Mr. Tkach stated that it is up to the Commissioners regarding approving the tax abatement or tax exemption. Mr. LeDete stated that if we don't give the Wind Farm tax abatement, they will not build this project. Mr. LeDete is asking the Commissioners to think about the information he has submitted to the board.

At 9:56 a.m. Discussion in regards to the new building on Shady Lane Dan Frederick, Architect stated they opened bids on June 27, 2014 for the Shady Lane Building. Five competitive bids were received. Mr. Frederick recommended Studer Obringer base bid in the amount of \$1,119,000.00. Mr. Frederick explained that there were a total of eight alternates on the job. Mr. Frederick stated he spoke to Richland County and all the permits were approved. Mr. Bauer stated that all the Commissioners agreed to have Mr. Ralph Fegley attend the meeting. Mr. Fegley stated he looked at the drawing and he is concerned that the roof is too flat. The slope could be a problem. Mr. Frederick stated that this is the minimum roof pitch needed. Mr. Fegley stated that with the cost, he would rather see a metal roof. Mr. Dunlap asked Mr. Tkach to give his explanation on the metal roof. Mr. Tkach recommendation is to go with a metal roof. Mr. Fegley agreed with Mr. Tkach's recommendation. Mr. Dunlap stated he also thinks a metal roof should be used. Mr. Hintz questioned how that would affect the Senior Enrichment Center later on? Mr. Hintz stated

this is something we need to consider later on down the road. Mr. Bauer questioned if a different contractor was used for the Senior Enrichment Center, how that will affect the metal roof. Mr. Frederick stated that they have a standard pallet of colors; it will not be an issue matching paint. Mr. Hintz stated they have to take into consideration when using shingles; they are not lasting as long as they should. Mr. Frederick stated that Mr. Fegley mentioned the garage roof; this roof will be a metal roof because this is a low roof. Mr. Fegley stated he hopes that both entrances can be done.

Mr. Tkach explained the bonds; he stated that if we look at 1.4 million with 3% over 20 years we are looking at the first year payment being \$112,000.00. Mr. Tkach stated he spoke to US Bank who wants to be the supplier. Mr. Tkach stated that the bond market changes daily. Mr. Tkach explained that \$1.4 million/20 = \$70,000.00 Principal Payment each year. Mr. Tkach wanted to be on record regarding county debt. The jail has its own revenue source with ½ percent income tax. The landfill has its own revenue source with the landfill. The old debt from the landfill wasn't enough and the general fund made up the difference. Mr. Tkach explained the energy project there was no revenue source; this comes straight out of general fund. Soil and Water pay their own way on their building. The project to tear down the old Job and Family Services Building, there was no revenue source for this either. It came from the general fund. The debt for this building, we do currently have a revenue source but ultimately the general fund is the one who backs this up. If there is a short fall for any reason, it's the general fund who is securing this debt. Now when it comes to the Senior Enrichment Center at some point that is going to need a revenue source this would be a bond levy. Mr. Tkach stated that Mr. Frederick will need to keep his pencil sharp, because we went from \$800,000.00 to \$1.4 million. Mr. Tkach stated he understood the original estimate for the Shady Lane building was \$5.5 million. Mr. Tkach explained that when you go out for bonding, it's not for specific millage it's for money to cover the debt. The voters are usually voting on the debt not the millage.

Mr. Bauer stated he would like on record if Mr. Tkach and Ms. Hazel are in agreement for this project. Mr. Tkach stated he spoke to Mike Ranken from the register of the DMV, Mr. Ranken visited our location two weeks ago, and he said that he is very thankful that we are going to a new building. Mr. Ranken believes that the type arrangement similar to what Findley has were the license bureau, title office and exam station are together, they would like to be renters to house all three offices at this new location. Mr. Bauer asked Mr. Tkach if he is in agreement of this project. Mr. Tkach stated that as long as the Commissioners understand that a portion will be paid by the DMV and Title Office with the remainder coming from the general fund, he feels this is a great project. Ms. Hazel stated she printed out what the Title Office has contributed to the general fund; she stated it was over a million dollars. It has averaged \$52,398.75 per year that money was used for other things now it is going to be using that money to cover this debt load. Ms. Hazel stated in the end the county will have a good facility.

Mr. Fegley stated a recommendation is needed from Mr. Frederick regarding the roof color. Mr. Fredrick stated he will get a recommendation. Mr. Tkach stated that the biggest complaint was the parking. Ms. Smith stated there are days when her staff has to park down at the Gerken Center. Ms. Hazel stated Huron County is one of the few counties who offer the Title Office and License Bureau services on Saturday mornings, they usually expand into the Senior Centers parking.

Mr. Fegley stated that the ultimate concern is what would be the future costs going to be. Mr. Fegley stated that this is the second project he has been involved in, on this project where the price has gone way out of site, this is nuts. Mr. Fegley stated we should be able to go into this project with an estimated cost of what it is going to be to build this building. Mr. Fegley has a concern on what the number is that they will submit on the Senior Enrichment Center. Mr. Bauer stated that Mr. Tkach has some ideas regarding the Senior Enrichment Center.

Mr. Frederick recommended Studer Obringer based on their proposal of \$1,119,000.00 for general contract work with the recommendation of Alternate bid #6 West Drive in the amount of \$30,900.00 and Alternate for the metal roof in the amount of \$39,000.00 for a total bid of \$1,188,900.00.

At 10:30 a.m. the board recessed.

At 10:38 a.m. regular session resumed.

Lucinda Smith discussed the bus garage. Ms. Smith in regards to the local matches and asked the board for this commitment which is \$167,000.00. Ms. Smith stated that they need the commitment in writing to send to Columbus. Mr. Bauer questioned if the expectation from the Commissioners is bottom line? Ms. Smith

stated she thinks a good portion of it; she thinks the Senior Center would have to consider putting some money into it also. The money can be put in up front or as a rental for the transit system. Ms. Smith stated she has to show ODOT where they are receiving the commitment from. Mr. Bauer questioned what the dollar amount would be that the Commissioners need to commitment to. Ms. Smith stated the amount would be \$167,000.00. Mr. Bauer asked when the payment is needed. Ms. Smith stated they would have to break ground in 12 months. Ms. Smith stated that this needs to be sent down to the state and reviewed, she isn't sure if they will even get the grant. What the state is asking for is that they can get the commitment of local match. Mr. Bauer asked what would be the portion that the Senior Enrichment would have to match. Ms. Smith stated 20 percent. Mr. Bauer questioned if half could come from 2015 budget and the other from 2016 budget. Ms. Smith stated she doesn't think it has to be in a lump sum. She would only need the 20 percent. Mr. Bauer questioned how long would the construction last? Mr. Frederick stated it should be 6 months. Mr. Frederick commented on the construction cost regarding the project, with the number of vehicles and office space that translated into an 11,200 square foot building. Mr. Frederick explained he used a lump sum of \$100,000.00 in site work because utilities will need to be run to the facility. Mr. Frederick explained that it comes out to \$74.00 a square foot. The board will review and Ms. Smith will come back on Tuesday, July 8, 2014.

<u>At 10:47 a.m.</u> Pete Welch came before the board in regards to the chiller at the jail. Mr. Welch explained he received estimates from Bob Ambrose regarding the chiller.

Mr. Welch explained that the current bids for the installation of the chiller were over the \$100,000.00 for competitive bidding. Mr. Welch explained that the installation of the chiller Daikin is the lowest, to buy the chiller Daikin is the lowest as well. Mr. Welch stated we cannot subcontract to them as a whole; we have to break up the contract. Two different contractors will have to do this job to keep us under the \$100,000.00 threshold or we will have to go out for bid. Mr. Welch explained that he spoke to Mr. Ambrose regarding doing the following: We can use Dimech, the difference between Dimech and Daikin is less than \$1,000.00 to install the chiller. Mr. Welch can buy the chiller and the pump from Daikin this will put them under the \$100,000.00 threshold. And have Dimech install the chiller with the F&I Air Separator in the amount of \$84,200.00. This will cost \$800.00 more to install the chiller if they do it this way. Mr. Dunlap stated he would just like Daikin do it all. Mr. Welch stated he can have Daikin purchase the chiller and pump; this will keep it under the \$100,000.00 and Dimech install the chiller.

The other issue is the financing of this project, the only one who offers financing is Daikin, and you will only be able to finance the chiller and pump. Mr. Hintz asked is that because we are splitting the project? Mr. Welch stated that most subcontractors will not offer financing because it is a split project. Mr. Welch stated that they will be able to finance \$98,000.00 at the rate of 5 percent over 60 months; payment will be

\$1,700.00 for equipment. Mr. Welch stated how would the Commissioners like to pay for this? Mr. Welch recommends splitting the project to keep it under the \$100,000.00. Mr. Welch stated he will get the best pricing and stay within the guidelines that Ms. Kasper gave them.

Mr. Welch commented in regards to cell phones for the custodians. Mr. Welch explained that in the past they offered \$25.00 a month to the custodians who used their personal phones for work. Mr. Welch explained that by doing this, their cell phone records now become public record; a lot of the custodians don't want that. Mr. Welch stated that with the new facility software, our maintenance staff, Jeff Deeble, Mitch Zurcher and Tim Bettac will need to upgrade to smart phones in order to use this system. Mr. Welch explained that comes at a cost is \$4,000.00 a year, for each custodian; this is a smart phone with two-way calling through Verizon. Mr. Welch explained he spoke to the City of Norwalk, they had Alltel they did not like the system they had; they currently have Verizon. Mr. Hintz questioned why didn't the City of Norwalk like Alltel? Mr. Welch explained they had issues with the push to talk feature on the phones. Mr. Welch stated that they will have 10 phones, with 3 phones being a smart phone. Mr. Welch will get costs between the three companies and will get back with the board.

#### At 11:05 a.m. the board recessed.

#### At 11:15 a.m. regular session resumed.

Mr. Welch explained the proposals to Daivia Kasper, Assistant Prosecutor for the chiller. Ms. Kasper stated that she would take a look at the proposals.

#### **OTHER BUSINESS**

Mr. Bauer discussed the Gerken and Norwalk Child Care lease. Mr. Bauer explained that each and every month since October 2013 the contract goes back to the Norwalk Child Care board. Norwalk Child Care has knit picked the contract. Ms. Kasper and Mr. Bauer recommended to Dr. Dee, Christie Lane not to sign the new contract until the next Norwalk Child Care board meeting. Mr. Bauer stated that Dr. Dee walked out of the board meeting with Norwalk Child Care. Per his conversation with Dr. Dee, there was a board member who was very difficult. The Norwalk Child Care board signed the contract; however Dr. Dee did not sign it per recommendation from Ms. Kasper due to Dr. Dee signing under duress. Mr. Bauer states this is a constant battle, Mr. Bauer would like to draft a letter to settle this and get a contract signed.

**At 11:30 a.m.** Eva Gorby, Victims Assistance came before the board in regards to requesting funds for the VOCA grant.

Ms. Gorby explained the grant request she moved the juvenile court advocate from 15 hours to 30 hours. The duties will include CPO; she will also be the person to coordinate the fair activities. The budget is not much different from last year. Mr. Dunlap questioned what is the match amount? Ms. Gorby stated it is 25 percent. The total match is \$39,462.55. Resolution will be prepared to apply for the grant.

Mr. Tkach commented to the budget, regarding the health care trust is \$2,059,000.00 we have spent \$361,000.00 less then what we spent last year. Next year's revenue seems to stay the same. Mr. Dunlap commented regarding the request to the budget commission request. No motion was made. Mr. Dunlap questioned if Mr. Tkach was in Mr. Dunlap's shoes where would he place this money? Mr. Tkach stated he would place it in the contingency line item. This contingency line is unappropriated funds. It is not set aside for use for specific things. The budget commission reviewed what the county has; the county has a sufficient fund that is unappropriated at this time.

Mr. Hintz stated that Mr. Tkach made it clear to him that the Commissioner cannot set money aside. That as the Commissioners they cannot save anything. Mr. Tkach stated at this point there is no reason to dove into the undivided local government fund, because the Commissioners do have the money, that fund is not going away. Mr. Hintz questioned Mr. Tkach if he has special funds that are not controlled by the Commissioners; Mr. Tkach stated yes he does. Mr. Hintz then questioned if Mr. Tkach was a firm believer regarding diving into all his special funds before they get into general fund money. Mr. Tkach stated that is a discussion for another day. Mr. Hintz stated that there was no malicious intent; they are trying to run a budget like you would hopefully run your household budget. Mr. Hintz stated that this is considered a savings account that is not in the budget, which is a good thing, trying to save money. Mr. Tkach answered Mr. Dunlap's questioned regarding another way we continue to create a carry over to conserve revenue estimates.
