At 9:30 a.m. Public Comment

Jeff Reed, Goodwill Industries came before the board and stated that he is here representing Goodwill Industries of Erie, Huron, Ottawa and Sandusky counties. Mr. Reed stated that the reason that he is here is because he wanted to apprise the board of a computer recycling program that they launched three years ago with Dell Computer. It is a recycling program for the terminal the monitor and everything else related to the computers and the recycle them through this program with Dell Computer. Mr. Reed also stated that the money that they receive through this recycling program does go in to support their training employment program for people who are disabled and disadvantaged.

OTHER BUSINESS

Gary Bauer reported on the fair board meeting that he attended and discussed their usable cash. Mr. Bauer also discussed the entertainment for this year's county western show. Mr. Bauer also reported on the township meeting that he attended. Mr. Bauer also discussed the sales tax figures as they came in better than the projection and better than last year.

The board reviewed upcoming events as follows Willard Chamber of Commerce annual meeting, Thursday January 21, 2011; Planning Commission Thursday, January 21, 2011 at 1:30 p.m. and the catastrophic leave meeting that Mr. Silcox will be attending.

At 9:50 a.m. the board recessed

<u>At 10:00 a.m.</u>

PUBLIC HEARING.1377 acres of real property from
Wakeman Township to Wakeman Village10:00 a.m.

Larry Silcox opened the public hearing for the annexation of .1377 acres of real property from Wakeman Township to Wakeman Village. Mr. Silcox stated the purpose of the hearing is to hear testimony for and/or against the annexation of .1377 acres of real property from the township of Wakeman to the village of Wakeman.

Randall Strickler, Wakeman Village Law Director explained the purpose of the hearing further by stating that the purpose is for the annexation of a portion of State Route #303. Mr. Silcox asked Mr. Strickler to stand and be sworn in to give testimony at this hearing. Mr. Strickler was sworn in to give testimony. Mr. Strickler stated his name and stated that he is the law director for the village of Wakeman and stated that he is also the agent for the petitioner which is the board of trustees of Wakeman Township. Mr. Strickler stated that he is serving in a dual role here but the reason for this petition is that the board of trustees of Wakeman township have built a new town hall on State Route #303 and the problem is that ODOT will not give them a curve cut and in order to get around that issue what the trustees want to do is annexation a portion of the road right-a-way because #303 is actually a boundary road between the village and the township. So what we want to do is annex from the centerline of State Route #303 to the edge of the township trustee property to the edge of their right-a-way and then the village will be able to give (since then it will be village property) the village can then give the curve cut to the board of trustees of Wakeman Township. This is a cooperative effort between the village and the township. What they did on the map is they are annexing half the right-a-way the other half belongs to the village. All they are asking for is a stripe of about 200 feet along State Route #303 to be annexed into the village. This way the township can have their curve cut for their new driveway for the township town hall. Mr. Silcox asked if the township town hall will still remain in the township. Mr. Strickler stated yes it is just a portion of the right-a-way that is being annexed. There are several reasons for that the village has an income tax and if they would have annexed the entire property the township trustees would have had to pay income tax in the village and also all their employees. Plus there are other political reasons for this as well. Mr. Silcox called once for testimony in favor of the annexation of .1377 acres from the township of Wakeman to the village of Wakeman. Mr. Strickler stated that this is really necessary in order for the township trustees' driveway, and this is a joint effort between the village and the township. Mr. Silcox asked if the village does support this

and Mr. Strickler stated absolutely and that is why the village asked him to do the leg work on this and secure the petition and be here today. Mr. Silcox called twice for testimony in favor of the annexation of .1377 acres from the township of Wakeman to the village of Wakeman, hearing none Mr. Silcox called thrice for testimony in favor of the annexation of .1377 acres from the township of Wakeman to the village of Wakeman, hearing none Mr. Silcox called once for testimony against the annexation of .1377 acres from the township of Wakeman to the village of Wakeman, hearing none Mr. Silcox called once for testimony against the annexation of .1377 acres from the township of Wakeman to the village of Wakeman, hearing none Mr. Silcox called thrice for testimony against the annexation of .1377 acres from the township of Wakeman to the village of Wakeman, hearing none Mr. Silcox called thrice for testimony against the annexation of .1377 acres from the township of Wakeman to the village of Wakeman, hearing none Mr. Silcox called thrice for testimony against the annexation of .1377 acres from the township of Wakeman to the village of Wakeman, hearing none Mr. Silcox called thrice for testimony against the annexation of .1377 acres from the township of Wakeman to the village of Wakeman.

Before the hearing was closed Daivia Kasper, Assistant Prosecutor made comments in regards to the procedure of this annexation. Ms. Kasper stated that certainly on behalf of the township they had asked ODOT for this curve cut and they were denied it and they appealed it and were still denied. Ms. Kasper stated that she went to Columbus with at least two of the trustees to make an appeal to justify and provide evidence of the curve cut and they were all very disappointed that it was once again denied. Ms. Kasper explained their reasons and how they talked about how far it was from the corner and how close it was to the fire station's driveway which was one of the problems because it is fairly close to the fire station's driveway and they could use the same driveway. They talked a little bit about a fire emergency about the cars coming in and going out and why it should be separate and they were un-persuaded. They were just unwilling to provide a variance. Ms. Kasper also explained the other options that were discussed. There was some brainstorming done before they decided on this act. Ms. Kasper stated that on our part we sent the legal description to the Engineer. Ms. Nolan stated that she had received a letter from the county engineer stating that the plat and description are found to meet the conveyance standards of Huron County and were hereby approved as submitted. Ms. Kasper stated that she has not reviewed the file but has seen some of the paperwork as it came in. Ms. Kasper stated that typically we receive proof of publication that this hearing was published. Mr. Strickler tells her that the petitioner and the adjacent property owners are essentially the township and the village and that he is willing to present an affidavit that instead of publication they had actual notice. Mr. Strickler stated that he would get this to the board so that the file is complete. Mr. Silcox asked Ms. Kasper if that is sufficient and Ms. Kasper stated that she has never been faced with that before. Mr. Strickler stated that this is not your typical annexation. Ms. Kasper stated that if she has a problem with this she will let Mr. Strickler know and will talk it over with him. Ms. Kasper also stated that usually the village would send notice of the services to be provided. In this situation they would not be providing any services. Mr. Strickler stated that he would include this statement in the affidavit as well. Ms. Kasper stated that the board of commissioners has to approve or deny by resolution and you have 30 days to do so after the hearing. The hearing was adjourned at 10:15 a.m.

Mr. Silcox stated that he asked Dennis Stieber to get him everything that the county has spent on the airport since its inception. Mr. Silcox also stated that he had received a call from Scott Seitz, Norwalk Reflector about Appraisal Research. Mr. Silcox stated that he had reiterated what his concerns were and he told him that he understands from what Mr. Bauer had told him that the Auditor was going to address some of his concerns and that he applauded him for that.

At 10:29 a.m. Joe Hintz moved to adjourn. Gary W. Bauer seconded the motion. The meeting stood adjourned.

IN THE MATTER OF OPEN SESSION

The Huron County Commissioners hereby attest that all actions and deliberations of the Board legally required to be public were conducted in an open session on this date and that the foregoing minutes represent the official action of the Board.
