The Board of Huron County Commissioners met this date in Regular Session. Roll being called found the following members present: Terry Boose and Bruce Wilde. Harry Brady absent

The following were also in attendance: Vickie Ziemba, Administrator/Clerk; Randal Strickler, Assistant Prosecutor; Lee Tansey, Engineer; Roger Hunker, Lyme Township Trustee/APEX; Brad Mesenburg, Citizen; Shylee Greszler, Norwalk Ohio News.

Pursuant to Ohio Revised Code Section 305.14 the Record of the Proceedings of the March 19, 2024 meeting(s) were presented to the Board. Bruce Wilde made the motion to waive the reading of the minutes of the March 19, 2024 meeting(s) and approve as presented. Terry Boose seconded the motion. Voting was as follows:

Aye – Terry Boose Absent – Harry Brady Aye – Bruce Wilde

At 9:05 a.m. Public comment - *Roger Hunker, Apex.* Mr. Hunker invited the board to the solar project in Erie County on the 15th. This would give them a chance to see the project from the inside, do a quick drive through, stop at the job trailers and ask the construction crew questions. He wanted to give them a chance to see it from the inside. Mr. Boose asked if they have already started it. Mr. Hunker said they have, they are assembling panels. They started last fall and have about 40,000 posts put in. They are starting to put panels up. The project should be complete by the end of the year and ready to go online by the first of next year.

IN THE MATTER OF CERTIFYING CLAIMS SCHEDULE FOR PAYMENT BATCHES TO THE HURON COUNTY AUDITOR FOR PAYMENT:

Bruce Wilde moved the adoption of the following resolution:

WHEREAS, as per Ohio Revised Code 305.10, a resolution must be made by the Board of Huron County Commissioners to accompany the Claims Schedule to the Huron County Auditor's Office for payment;

now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners does hereby approve the Claim Register for Payment Batch #378263 and authorize the Huron County Auditor to make the necessary warrant:

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Terry Boose seconded the motion.

*<u>Discussion:</u> On page 4, under Sheriff/Equipment is stated "breeze indoor wall mount outdoor equipment - Norwalk Heating". Mr. Boose asked Ms. Ziemba if she had any idea what that was. She did not.

On page 6, under Sheriff, Mr. Boose asked if they could find out why they were paying \$5,000/month to ES Consulting. Ms. Ziemba will send a message. Mr. Boose would also like to get a copy of the invoice for the hard drive. He would like Mr. Riedy look at it to see if we could have saved some money if they had gone through our IT department.

On page 10, Mr. Boose would like to check on the mediation fees for Common Pleas Court. He thought they were usually paid once a month. Last week they paid for January, February and March. This week they were paying for February, March and March. Also, they always paid the mediator directly; now they have a payment to Sandusky County Commissioners. Mr. Boose would like to find out what has changed.

The roll being called upon its adoption, the vote resulted as follows:

IN THE MATTER OF AUTHORIZING THE ADVERTISEMENT AND LETTING OF BIDS FOR THE WELLS ROAD RESURFACING PROJECT

Bruce Wilde moved to adopt the following resolution:

WHEREAS, the Huron County Engineer has requested approval for seeking bids for the Wells Road Resurfacing project; and

WHEREAS, notice of this must be placed in a newspaper of general circulation and on the County's website pursuant to Section 307.87 of the Ohio Revised Code; now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners does hereby approve of letting bids for the Wells Road Resurfacing project; and further

BE IT RESOLVED, that notice of this will be placed in a newspaper of general circulation and on the County's website www.hccommissioners.com by clicking on the Legal Notices link until the bid is opened on Friday, May 3, 2024 at 9:00 a.m.;

and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberation of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Terry Boose seconded the motion.

*<u>Discussion</u>: Mr. Tansey said all their bids have come in really good this year so they have some extra money. This project was sitting on the back burner so they were able to move it forward to this year. They will do the whole road from 61 to Hartland Center.

The roll being called upon its adoption, the vote resulted as follows:

ADVERTISEMENT NOTICE TO BIDDERS

Sealed bids may be submitted on or before the bid opening date of Friday, May 3, 2024 until 8:59 a.m. local time, at the Huron County Commissioner's Office, 180 Milan Avenue, Suite 7, Norwalk, Ohio 44857, for the following Project: Wells Road Resurfacing. BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Terry Boose seconded the motion.

*<u>Discussion</u>: Mr. Tansey explained they have to take what they order, whether they use it or not. They have leftover from last year, and are at capacity now. They have about 2,500 tons on hand right now, but only used about 1,500 last year. However, they can use over 5,000 in a bad winter. He also can't order over 110% of his contract. He will have to try to figure out how much to order.

April 16, 2024

Senator Nathan H. Manning District 13 Senate Building 1 Capitol Square - Ground Floor 039 Columbus, Ohio 43215

Dear Senator Manning,

We would like to offer our full support for the request being submitted by the Huron County Ag Society on behalf of the Feichtner Memorial Building Committee. The Huron County Ag Society is requesting a total of \$750,000 FY25-26 Ohio Capital Bill – One Time Strategic Community Investment Fund (H.B. 33) to construct the Feichtner Family Memorial Barn at the Huron County Fairgrounds. This 200ft x 100ft barn will replace three existing barns in need of repair.

The Feichtner family is well-known in the Huron County Agricultural community. Owen Feichtner and his brother Nash originally started this project when they dedicated their winnings from a premium auction to start a building fund in memory of their grandpa. John Feichtner passed away in March 2021. Sadly, in October of 2021, both Owen (age 16) and his grandmother, Donna, passed away on the same day.

The Board of Huron County Commissioners fully support this endeavor, and have pledged \$300,000 towards the project. The Huron County Fair is a highly anticipated event in our area. The Feichtner Family Memorial barn will be an outstanding addition to the fairgrounds. It will be used to house market swine and goats during the fair, and will also have a large show ring. The addition of this facility will not only pay tribute to a family that was actively involved in its success, but will increase the enjoyment of all members of the community.

Thank you for your consideration.

Sincerely,

BOARD OF HURON COUNTY COMMISSIONERS Terry Boose and Bruce Wilde

OLD BUSINESS /NEW BUSINESS Assistant Prosecutor's report

Mr. Strickler had sent them the updated NCAT lease agreement. Mr. Boose asked if he had seen the changes Mr. Welch requested. Mr. Strickler had not. Mr. Strickler said the other thing he thought they should add was an exhibit highlighting the area NCAT was occupying. He also included the fact they plan to turn one of the offices into a bathroom and added they are responsible for the flooring and ceiling. It had been discussed that they are responsible for those renovations. Mr. Wilde noted that Mr. Welch had asked that, under Article 7, they put in that all alterations should be approved by the Lessor. Also, he thought they should include who the responsible party was for the security and fire system. Mr. Wilde assumed we were, but it should be in the agreement because we have had issues. Mr. Strickler asked that they forward Mr. Welch's email to him and he will make those changes. Ms. Ziemba said last week there was some discussion over who was supplying the cleaning products. There had been a question about paper supplies and cleaning products for the shared areas at 306B between Firelands Local and NCAT. Mr. Boose said we will supply the products for the common space only. They need to provide the service. We have said from day one we are not sending any of our people there. Ms. Ziemba said she had told Mr. Minor to make sure they have toilet paper and paper towels until a decision was made. Mr. Minor said their paper towel dispensers are not the same as what we have. We can either order new stock for them or we have to change out the dispenser itself. Mr. Boose said to change out the dispenser so everyone has the same and we all have the same supplies. And he would like Mr. Minor and/or Mr. Welch to sit down with Firelands Local and let them know we are not supplying all their cleaning needs. Just the supplies for the bathroom/common areas. Mr. Strickler will put some language in the NCAT lease.

Mr. Wilde had a question for Mr. Strickler regarding the wind turbine project. They don't exactly have addresses - what happens when 9-1-1 is called? Mr. Strickler thought the turbines would be on pieces of property that did have addresses. Mr. Hunker said they work with emergency management and the fire departments. They have had multiple discussions with Mr. Mead just in case. But if there is a catastrophe, their safety team will be the ones taking care of it. Mr. Strickler said that under the PILOT they are required to provide the fire departments with the proper training. He also thought the PILOT required them to have team of people that can help our fire departments and EMA people in case there is some sort of catastrophe.

At 9:55 a.m. the board recessed

At 10:07 a.m. the board resumed regular session with Angie McConnell, GLCAP for the Huron County PY 2024 Community Development Block Grant (CDBG) Program 1st Public Hearing. Ms. McConnell explained this was to announce what Huron County was potentially eligible for. The programs available are:

Allocation Program. The base level is \$150,000 but in past years Huron County has received \$162,000. This is designed to improve public facilities, public services, housing, economic development and fair housing.

Neighborhood Revitalization Program. This is up to \$750,000 designed to improve the quality of life, livability and functionality of distressed areas through public infrastructure projects.

Residential Public Infrastructure Program. Provides up to \$750,000 designed to create safe and reliable drinking water and sanitary waste.

Critical Infrastructure Program. Up to \$500,000. That is to help public infrastructure improvements with significant community impact.

Economic Development Program up to \$500,000. This is grants and loans to improve infrastructure directly or creating, expanding or retaining businesses within the community.

Flexible Grant Program. This used to be called the Flex Spending Account, which is there for any projects that may not fit in the other programs. Years ago the Downtown and the Neighborhood were within that program. The Neighborhood was separated. The downtown is within this, so there is \$250,000 potentially for downtown help.

Ms. McConnell stated that this year the applications are due June 12. Ben Martens sent out pre-applications to every village, city, and township within the county. Those are due back to him on May 1. Every project under the CDBG program has to meet low income eligibility. This can be done through the census tract block group, so the project can be located in an area that is low to moderate income – it has to be 51% or more. One of the issues they are having this year is that HUD will be releasing new LMI numbers. The state has told them they have to abide by those numbers. But they have no idea when HUD will be releasing them. This makes it a little bit difficult. However, if a community is currently 60% or more LMI they are probably safe. The two other ways are distressed area and ADA accessibility. Forms can be filled out to designate an area a distressed area. Anything with ADA accessibility is automatically eligible. Also, if you have a group that is basically deemed LMI, such as nursing homes or any projects with seniors, or homeless shelters, they would be eligible.

Ms. McConnell said that GLCAP will be helping Huron County with the Allocation Program. This is specific money that is allocated and the commissioners choose the projects. They just allot the money - Huron County is on even years. The other programs are all competitive. Back in Program Year 20 New London did do a critical infrastructure project, their waterline project. Ms. McConnell knew that Mr. Pickworth had been in contact with them. Other communities could also be in contact if there is funding they would like to apply for. She reminded them to keep in mind that they are liable because the grant agreement with Ohio Department of Development was with them.

Mr. Wilde asked Ms. McConnell if she had ever heard of the Huron County Growth Partnership. She had not. Mr. Wilde explained it was HCDC, NEDC and the Chamber coming together to become one. He asked if she did a presentation for them. Ms. McConnell said basically, how they do it is they send out the preapplications. These go to every city, village and township, but they also send them to anybody that may have received funding in the past. Mr. Wilde said like Catholic Charities. Ms. McConnell agreed. But if somebody wanted to be added, they definitely could do that. Mr. Boose noted there was a hearing this afternoon. He asked who was supposed to be at that hearing. Ms. McConnell said the 1:00 was not a hearing, it was just a required meeting. Mr. Boose asked if it was regarding this. Ms. McConnell said it was. They would go through the different programs a little bit deeper. The other thing, it is a requirement of the allocation application to hear from anybody that attends, their concerns and needs for their community. It is an open meeting. Mr. Mr. Boose suggested to Mr. Wilde if he thinks it is important for the Growth Partnership to be there then he should give them a call later this morning.

Ms. Ziemba said Ms. McConnell had stated to her that there would be a charge for some of the highly competitive grants. Ms. McConnell said in the past, GLCAP has been the CDBG administrator. With the Allocation Program they do not charge an application fee up front - they know they will get paid since a portion of that is set aside specifically for administration fees. When New London wanted to apply for the critical infrastructure, GLCAP didn't bill or charge an application fee. They do get administrative dollars out of the grant. But, they had to apply three times because it is highly competitive. There is not enough money for that number of applications. So, if there are competitives, they are going to bill up front. It doesn't matter if it is funded or not.

Mr. Wilde wanted to clarify that some of these were grants and some were loans, like the Economic Development loan. Ms. McConnell said that used to be the Revolving Loan Fund. It was a grant from the state. The funds could be lent to businesses for start-up, existing, expansion. Then that money was paid back. And then you would do it again. The state is wanting that to go away. Ms. McConnell said she had a business in Allen County that ended up getting a \$113,000 grant from the state through the Economic Development program. So, they can get a grant or it can be a loan, depending on some of the criteria of what the business is doing and what they need the funding for.

Ms. McConnell said a requirement of receiving any CDBG funding is that you have to have a Fair Housing Awareness Program. Fair Housing gives the right for all persons to live wherever they can afford to live. Ohio prohibits the discrimination against protected classes: race, color, religion, national origin, ancestry, disability – this is both physical and mental disability, family status in which one or more children are under the age of 18, pregnant women and people in the process of adoption. This also includes sex and military status. Based solely on these protected classes, it is illegal to refuse to sell or rent housing and it is illegal to set different terms and conditions, like rent or security deposits. There are exemptions in the State of Ohio. There are bona fide private organizations that are allowed to only have their members live in their facilities. But ultimately their membership needs to abide by the Fair Housing Laws. Also, senior facilities can prohibit younger people from living in their facilities. With Fair Housing there is also a component for the disabled. This would be for something that would make day to day living easier for a disabled person. Generally speaking, they tell people to talk to the landlord first. Depending on what it is, the landlord shouldn't deny it, but they also don't have to pay for it. In addition, there are laws regarding service animals and emotional support animals. There is a difference. Usually the service animals are trained for a couple years for a specific disability. However, people do take advantage, so landlords do have protection. It cannot be an illegal exotic animal. A landlord can even go as far as calling the doctor saying, in a court of

law, does this person need an emotional support animal. But they can't ask for extra security deposit, extra monthly rent. What they can do is bill the tenant for damages when the tenant leaves. Mr. Boose asked if cleaning could be included in damages. Ms. McConnell said it could. A landlord has to protect their other tenants also. If an animal is a threat to other tenants the landlord can go back to them and say they realize you need this, but you are going to have to find another animal. And if there is a financial hardship because of a certain animal. Ms. McConnell used the example of the landlord losing their homeowners insurance, or having it skyrocket, due to a particular breed of dog. If that's the case, the landlord can say we understand, but we are going to have to work together to come up with a different type of animal. Landlords can still screen when they are trying to find tenants but they have to use the same criteria across the board - credit check, police report - they have to do the same with everybody. They are there to determine if a complaint is actually a fair housing complaint versus a landlord/tenant complain. 99% of the calls they get are usually landlord/tenant complaints. In those cases they will help them contact Legal Aid or the Fair Housing. They are available to file a complaint with the Fair Housing or the Ohio Civil Rights Commission, but in 26 years Ms. McConnell has never had to do that. The Fair Housing Centers are regional, we have one in Lucas County.

Mr. Boose, President called for testimony in favor of the CDBG Grant Program, hearing none, Mr. Boose called twice for testimony, hearing none called thrice, hearing none called once for testimony against, hearing none called twice, hearing none called thrice the public hearing was closed.

CAC will have an event to celebrate 60 years on May 16 at the Eagles Club.

National Day of Prayer event on Thursday, May 2 at the Presbyterian Church. John Soisson will be the speaker.

Tomorrow night he and Mr. Boose will be going to the Chamber Banquet.

Commissioner Boose report

Mr. Boose attended the Senior Center contractor's meeting yesterday. They have been delayed quite a bit in the month of April due to weather: 4/2, 4/4, 4/5, 4/8, 4/11, 4/12. They hope to get the slab poured this week, if not then next week. It is 100% dependent upon the weather. Even it if is just a slight rain they probably will not pour it. They are going to get a delivery of steel and wood framing coming in. Another item of discussion was the sign. Mr. Boose had received an email from Mr. Tkach saying that the state hasn't made up their mind, and he doesn't know when they will. Mr. Boose sent an email back saying we needed to know for yesterday's meeting. Mr. Boose had also received an email from Ms. Hartman saying she would prefer that both signs have their name on it. He understands that, but the state hasn't made a decision and we have to move forward. So, we are going to move forward with putting a new sign on the west end strictly for Enrichment Services. We will move the sign for Title/BMV from the west end to the east end. Of course, nothing is simple. There was discussion that electricity will need to be run. Currently the sign at the west end does not have electricity, so we do not have to add electricity to the east side, we just move the sign. The contractor was trying to talk to the sign company because moving the sign was not in the bid. Their person doing the work for the sign said they do not want to move the old sign. They do not want to take the liability. Mr. Welch and Mr. Minor are talking with the sign company we use to see if they will move it. There will also have to be some kind of foundation to put it on. It is still up in the air whether the foundation of the old sign can be used for the new sign. They don't think it can be. Everything for the new sign should be part of the bid. The moving of the old sign is not. The new sign will be lit. There are questions as to how that will be done. Mr. Boose noted that there are currently three PRs. He did not know what "PR" was, but he knew each one cost money. None of them have been finalized as far as dollar amount. PR-1 is for the roof edge in the back where the patio is going to be. There was a discrepancy between drawings, but they have worked that all out. That might cost an extra \$900. PR-2 is the sign. PR-3 had to do with electrical plates and some of the operational walls – some will be removed and some added. The initial estimate is \$650. Right now all of these could easily be paid in contingencies. At some time they will need to come before the Board for approval. They are not ready yet, they do not have the final dollar amount.

At 10:45 a.m. Bruce Wilde moved to Enter into Executive Session ORC 121.22 (G)(1) to consider the appointment, employment, dismissal, discipline, promotion, demotion, or <u>compensation</u> of a public employee or official, or the investigation of charges or complaints against a public employee, official, licensee, or regulated individual. Terry Boose seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Ms. Bursley turned the meeting over to Eileen Stanic, Meeder Investments. Ms. Stanic said a lot had changed since she was in last year. She reviewed the economic conditions driving the market today. Discussion regarding the economy and the effect of the stimulus dollars.

Ms. Stanic reviewed the county's investment portfolio. Currently there is a little over \$25 million invested in securities. The cash piece is a little high at \$32.7 million. She and Ms. Bursley have discussed this. The question is can some of this cash be reallocated and spread across longer term. At this point they have 41% of the \$25 million maturing beyond three years. The objective has been to maintain that at 40-42%. The offset is always making sure 20% of the investment portfolio maturing within a year. That provides opportunities to adjust strategies, but also provides backup liquidity.

Megan Bursley presented the Investment Policy. Ms. Bursley explained that Assistant Prosecutor, Jacob Stephens, said the Commissioners could pass a resolution but it was not needed. It is a policy of the Investment Board.

Megan Bursley moved to approve the Investment Policy. Terry Boose seconded the motion. All voted ayes.

Megan Bursley moved to adjourn the Investment Board meeting. Terry Boose seconded the motion. The Investment Board meeting stood adjourned.

Commissioner Boose report - continued

Counties Current mentioned some things being done regarding cybersecurity. Mr. Boose assumed Mr. Riedy and Ms. Hozalski were working on everything that needs to be done. Ms. Ziemba said they were. Mr. Boose said we had even received a notice from the Secretary of State regarding cybersecurity. He read "failure to follow the guidance from the Ohio. . . ." basically the Secretary of State, ". . . if a loss occurs the employee is considered liable as a result of negligence or performing duties without reasonable care". Ms. Ziemba knew as of last year the county met all of the requirements for cybersecurity. Ms. Hozalski keeps stressing they are going to be adding requirements and we need to stay on top of those. Ms. Ziemba has discussed this with Mr. Riedy. She told him to make sure we meet the requirements of CORSA. Mr. Riedy will reach out to CORSA. Mr. Boose asked Ms. Ziemba to let Mr. Riedy know the commissioners asked about it and want to make sure he is doing everything he needs to do with CORSA. The thing that concerns Mr. Boose about cybersecurity is there are a lot of things the auditor needs to do and the auditor doesn't use our IT department. That is one of the major concerns he has with the sheriff's office and the auditor's office not using our IT. He questioned how we know the departments not using our IT are abiding by cybersecurity requirements. Ms. Ziemba will see if Ms. Hozalski knows the answer to that.

Mr. Boose noted there is a Brownfield conference in May. Mr. Wilde said he sent the information to Mr. Pickworth. Mr. Boose thought that, since the county was so involved with Brownfield right now, Mr. Wilde or Mr. Brady should be attending. He said there were four groups of meetings to go to, one specifically about remediation. With all the remediation we are talking about, and having the EPA and the Greater Ohio Policy Center there, Mr. Boose thought it might be beneficial for one of them to attend.

Retreat on Thursday and Friday.

HCDC meeting. Mr. Boose thought this was a good meeting. They discussed the grant Team NEO was doing. He also thought this may have been the last meeting of HCDC. Mr. Wilde wasn't sure, but he did know they moved the office over the weekend.

At some time Mr. Boose would like to start talking about the demolition of Shady Lane and what buildings are going to be included. If a certain building is going to be included the board will have to notify them that the space will no longer be available. Mr. Boose said they would have to decide if they were going to try to help them find space or see if we have other space for them. This needs to be decided soon.

Mr. Boose said Mark Suhanic, the forester the county has worked with in the past, called him last week. He was at the neighbor to the landfill looking at wind damage and saw some damage on the landfill property. Mr. Boose gave him permission to go onto the landfill property to look at it and asked him to report back to Mr. Welch. Mr. Boose then called Mr. Welch so he was aware of what was going on. Mr. Boose had talked to Mr. Suhanic a couple months ago about taking a look at Shady Lane. Mr. Suhanic had some projects he had to finish first. Mr. Boose would really like to get that area looked at soon so we can get it cleaned up.

Petition request from Chillicothe. Mr. Boose said this person thought "there are serious cybersecurity issues as identified by experts and whistleblowers, as well as certification compliance issues in relation to electronic election systems which are being used in this county". She says "being used in this county", Mr. Boose guessed she was talking about all counties. Everyone agreed the letter was not clear. Mr. Boose asked Ms. Ziemba to give his copy to the Board of Elections.

At 12:13 p.m. Bruce Wilde moved to adjourn. Terry Boose seconded the motion. The meeting stood adjourned.
