The Board of Huron County Commissioners met this date in Regular Session. Roll being called found the following members present: Terry Boose, Harry Brady and Bruce Wilde.

The following were also in attendance: Vickie Ziemba, Administrator/Clerk; Randal Strickler, Assistant Prosecutor; Deb Martin, GLCAP; Shylee Greszler, Norwalk Ohio News; Brad Messenburg, citizen; Tom Dunlap, citizen. Patricia Didion, citizen.

Pursuant to Ohio Revised Code Section 305.14 the Record of the Proceedings of the July 18, 2024 and July 23, 2024 meeting(s) were presented to the Board. Bruce Wilde made the motion to waive the reading of the minutes of the July 18, 2024 and July 23, 2024 meeting(s) and approve as presented. Harry Brady seconded the motion. Voting was as follows:

Aye – Terry Boose Aye – Harry Brady Aye – Bruce Wilde

IN THE MATTER OF CERTIFYING CLAIMS SCHEDULE FOR PAYMENT BATCHES TO THE HURON COUNTY AUDITOR FOR PAYMENT:

Bruce Wilde moved the adoption of the following resolution:

WHEREAS, as per Ohio Revised Code 305.10, a resolution must be made by the Board of Huron County Commissioners to accompany the Claims Schedule to the Huron County Auditor's Office for payment;

now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners does hereby approve the Claim Register for Payment Batches #385150 and authorize the Huron County Auditor to make the necessary warrant;

and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Harry Brady seconded the motion.

*<u>Discussion</u>: Mr. Boose abstains from voting on the payment to APCO International due to the recipient of the training being a relative. Mr. Boose mentioned the Administration Building water bill high again, \$700. Mr. Wilde said it could be because they flushed the chiller and refilled it again.

Mr. Boose thought on the PRC payments the limit was \$1500, but there's a person receiving over \$2000. Ms. Ziemba said Ms. Minor sent an email stating "PRC depends on whether it is a children services case or not, but usually \$1500 per household." Mr. Boose would like the two payments on page seven, which total \$2,100, held until there's a clearer explanation.

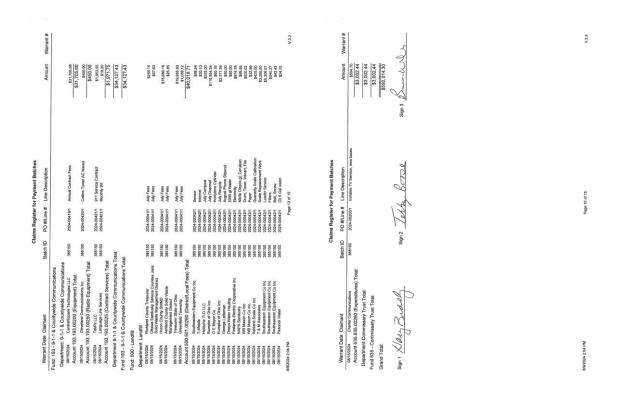

The roll being called upon its adoption, the vote resulted as follows:

Aye – Terry Boose Aye – Harry Brady Aye – Bruce Wilde

Administrator/Clerk report

Ms. Ziemba was contacted by APEX requesting Jessica Walsh & Roger Hunker are on the agenda for August 27^{th} at 9:30 a.m.

Mr. Boose said the commissioners received an email yesterday from Ms. Ross, HC Growth Partnership regarding being part of a Port Authority with Erie County. Mr. Brady would like more information from one of them. Mr. Wilde said Ms. Ross will do this. He tried to get the meeting dates changed however, Ms. Ross already had todays scheduled for 11:45 a.m. Mr. Boose felt this was a pretty big deal to just all the sudden drop on the commissioners. Mr. Wilde said he does not know because it is confidential to even the people on the board. Mr. Wilde will meet with them today and make sure they contact Ms. Ziemba to be scheduled to come in and explain. Mr. Strickler said they are creating a new political sub-division when they do a Port Authority. The Port Authority would have a lot more power than a county or a township. Mr. Boose would like to know what the commissioner's responsibilities and authority would be. The commissioners have many questions. The Board would like Ms. Ross to first attend alone.

Commissioner Wilde report

Mr. Wilde is meeting with HC Growth Partnership meeting today. He has asked that the meetings be changed to days that do not conflict with commissioner's meetings.

He attended the Fair yesterday. He said the main complaint is about the vendors secure internet access. Mr. Reidy will be going out after 10 a.m. to look into it. Mr. Boose mentioned maybe look at a temporary phone boosting system at the Fair. Mr. Wilde will be at the Fair most the week.

The FTMC meeting to discuss nursing contract is scheduled for Wednesday, August 28th, 1:00 p.m. at the County Administration Building, 180 Milan Avenue., Meeting Room D. Ms. Ziemba confirmed she sent an email to all the individuals Mr. Wilde had on his list.

Mr. Boose asked for an update on the elevator meeting. Mr. Wilde said he will attend once Mr. Welch has the meeting scheduled. Mr. Brady asked Mr. Strickler if there are other legal avenues the commissioners can take. Mr. Strickler said certainly the commissioners can sue them for breach of contract. He does not know how successful this may be because they are pursuing their contractual remedy, which is the \$200 per day. Mr. Boose said if they cannot come to a meeting immediately, they should start down that path. Mr. Brady noted they said they would have the elevator done by the end of June. The commissioners gave them till July 2nd, 2024 and now it still is not done. Mr. Boose stated now they created a long punch list. Mr. Brady said the elevator is needed for ADA compliance and to also get machines and other equipment to meeting rooms. Mr. Boose told Mr. Strickler to send Garmann Miller an email requesting a meeting with all parties involved ASAP. He said the commissioners do not even have a plan any longer and they are hiding behind the inspection. Mr. Boose wants to know when the inspection will be.

At 9:30 a.m. Deb Martins, GLCAP, explained the Analysis of Impediments was submitted to the State and they received comments back. The State is requiring an action plan with who is going to be responsible and timetables. Ms. Martins said she was not comfortable submitting this on the Board's behalf, without them reviewing it. She has made the suggested corrections and would like the Board to review the draft plan based on the impediments that were identified. Ms. Martins stated everyone that receives CDBG dollars is required to complete the Analysis. It is a requirement for the city and the county thus, Norwalk will also be reviewing this Analysis. The State is asking to have it returned by the August 15th, Ms. Martins expressed her frustration with the State deadlines. Mr. Boose asked if GLCAP has expressed this to the State. Ms. Martins said yes. Mr. Boose stated they will have a decision on Thursday.

the county and city have low minority populations, are there areas in which that
population is higher than the county-wide average? If so, why might that be the case?
Are there any ethnically concentrated areas of poverty? Note: there were two types of comments received – action required and FYI comments. I have summarized them separately below. Page 11 – Please clarify which are considered impediments. Are they just the first three or are they all six (this is where I had classified them as primary and secondary)? Remember not to conflate remedying activities that you plan to take to address impediments with impediments themselves. Impediments are those issues/problems that your community has identified to overcome. Please make sure they are written that Response: This actually was addressed further on in the analysis looking at populat by census tract (pages 16-17) and we did not see any major areas of concern. Who lives in this census tract? What is the housing like there? Response: I have listed all six issues as impediments and have changed the language to reflect them as issues rather than remedies, which are dealt with later in the action plan Response: I did not address this comment since I don't have the information available and it was not one in which action was required. However, it is something that the city might want to research further. Does local zoning allow for granny flats/ADUs? This could help seniors to better age in place and in a safer environment than larger homes. Response: As above, I have clarified what the impediments are. Response: This is again something that I do not have information about and something that the city could consider. Page 50 – Are these the impediments? Both primary and secondary? The primary issues could certainly be considered impediments. 5) Page 47 – Great breakdown of zoning and land use policies! Response: I have clarified what the impediments are. Commissioner Brady report

Mr. Brady attended the Senior Citizen award banquet in Mansfield last week.

He will attend the Firelands Association of Realtors RPAC Island Cruise next week.

He will attend the General Government virtual meeting on Thursday.

He attended the Fair yesterday. Mr. Brady would like to see more elected officials, state & federal attend and be more accessible to the people they represent.

Mr. Brady called Ms. Spears, 9-1-1 Coordinator, regarding dispatching fees. He asked, with the permission from the Board, he would like to set-up a meeting with one person, who is a decision maker for the police dispatching, from the four entities, Ms. Spears, Sheriff's office, Mr. Strickler and possibly Ms. Ziemba, if she's available. Mr. Boose stated that as long as the commissioners are paying for stuff for dispatchers for Bellevue, Norwalk, Willard and Monroeville and subsidizing their PSAPs he does not think it would be fair to not pay what the villages want. He does not know why the Board would continue to pay stuff for the cities. Mr. Boose is strongly in favor with treating the rural part of Huron County as equal and as fair as what the cities are getting. This is the reason why the commissioners originally agreed to pay for some out

of there. His problem is not paying that out of the 9-1-1 levy, if they are paying for PSAPs stuff. Mr. Boose issue is with the contracts being made with those cities and villages that in his opinion are not all inclusive and forces money out of the general fund of Huron County. For instance, in this case, using Greenwich as an example, Greenwich is paying into the levy for stuff for the city of Norwalk, Willard and Bellevue. They are not receiving their fair share of portion paid; this is not right. With this being said, Mr. Boose officially asked Ms. Ziemba to send a public record request to the Sheriff, it is very sad that the Board must do this, for a copy of the School Resource Officer (SRO) contract with the schools. The schools will be opening in the next couple weeks and the commissioners have not seen them. They have no idea if cities like Willard, who pay for their school's SRO for their school, whether once again Huron County is going to be providing this to Norwalk city schools, thus Willard will be paying for two SROs. Mr. Boose said they need a copy of these as soon as possible. If the contracts do not include all the cost of a SRO, he is ready to go to the State Attorney General's office to ask if what they are doing as far as contracts is legal or not, because it is not fair to certain parts of the county. The Board did not see the contracts last year and they were promised a year ago this would not happen again. Mr. Boose said hopefully everything will be resolved and their questions are answered that all costs are being paid accordingly.

Bruce Wilde moved to send a public records request to the sheriff's office for copies of the school resource officers' contract. Harry Brady seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Terry Boose Aye – Harry Brady Aye – Bruce Wilde

Mr. Wilde stated he will be meeting with Kristen Cardone next Monday and will be attending the OneOhio Region 19 meeting in Wellington on Wednesday.

Commissioner Boose report

Mr. Boose stated he received a letter from Firelands EMS wanting to be included in radios. He wanted to make sure everyone was aware that they go into other counties as well. He is waiting on Ms. Spears to get the information as to what vehicles need radios. He has heard many responses from people about the radios and everybody needs to be treated fairly. Mr. Boose said it is all in the levy and he has said before and he repeated, "there is nothing in the levy that requires the commissioners to pay for everything regarding radios and 9-1-1." That levy was put on based on a budget that was approved by the 9-1-1 Technical Advisory Committee (TAC). They approved the budget. Based on that budget the commissioners set what the levy should be, so that there was no money sitting around in reserves for money that they reviewed as what needed to be done.

Now everyone is discussing many radios that need to be purchased. Mr. Boose explained, in his opinion, the levy is for the structural design and implementation of 9-1-1 in Huron County as well as the structure to make sure everyone can communicate with each other. Mr. Strickler confirmed is the 9-1-1/Countywide Public Safety Communications System Levy. It was never said, or the intention, of this Board to cover all local government costs of radios and 9-1-1. So now they only have \$200,000 in the levy to use towards radios. The commissioners kindly agreed that they might be able to use the money out of ARPA pot 1 if any is left-over. It was a little less than \$150,000. The commissioners may also be able to supplement that with general fund money. Mr. Boose said he has heard instead of thanking the commissioners for doing what they can, they are told they are not doing enough. The Board only has a certain amount of money and they have always said as the money comes in for the levy, they will pay what they can for CAD and 9-1-1 and the radios. They are not everyone's source of funding. They asked the TAC committee to come together with a plan as to how to use the money they have. They came back with using ARPA money and general fund money. Mr. Boose is very disappointed in how things are rolling out. The more requests they get, they still only have a limited amount of money.

Mr. Brady said in speaking with Ms. Spears some of the matters that came up were they need to have a tower. Bellevue said one of their water towers could be used. He said an antenna is needed somewhere on the westside of the county. He explained while the area is covered it is not as good a coverage as it should be or could be. There is cost involved in putting this up. He explained the state is going to require in the near future they must be enhanced 9-1-1 ready, which requires a different system than they have now. The cost could be between \$300,000 to \$500,000 for the CAD system to operate it.

Mr. Boose asked Ms. Ziemba to ask Ms. Spears in reference to the mobile radios they are applying for, are the commissioners replacing mobile radios that the fire departments purchased three years ago with the grant money or did they only get handheld radios? Mr. Boose commented they should not be replacing something the fire departments should have never purchased.

Mr. Brady noted for public record in reference to the letter from Firelands EMS. He addresses this as the 9-1-1 radio levy, this is incorrect. It is the 9-1-1 levy, not a 9-1-1 radio levy. Mr. Wilde agreed that was a

huge mistake.

Mr. Boose asked Mr. Strickler to explain what kind of organization Firelands Ambulance Service is compared to say North Central Ambulance. Mr. Strickler said Firelands Ambulance is actually an ambulance district that is formed as a political sub-division of the state of Ohio. It is his understanding that there are four Townships in it, two in Huron County and two in Ashland County. They run ambulance service in these four townships. They are a government agency. They are the same as Vermilion River Ambulance district. Mr. Boose asked if they have an elected board. Mr. Strickler does not know how they are organized. He said the statutes usually say there is one representative from each Township that is a member of the group. It could be a Township Trustee or a citizen of the Township appointed by the board of trustees. Mr. Boose read from the letter, "It was formed in 1974 joining Huron County Village of New London and two townships, New London Township and Fitchville Township. As well as, Ashland County, Troy and Ruggles Townships." Mr. Boose guessed there are two different radio systems. Mr. Brady confirmed there are two different radio systems. He said they use Multi-Agency Radio Communication System (MARCS) down in Ashland. Mr. Brady thinks Mr. Boose is correct, they have to maintain two systems. He felt Mr. Scott, who wrote the letter was disparaging towards Huron County because they went off the state-wide radio system. Mr. Dunlap confirmed Firelands EMS has five trustees. Mr. Boose commented there is North Central EMS, which is privately owned however different Townships contract with them. This means Townships within Huron County are paying contracts with North Central EMS, which he would guess North Central EMS includes all their expenses when they create their contracts. The townships that are with North Central EMS are paying their own radios. Others are asking the commissioners to pay for radios, so once again, they are setting up a situation where people in the townships who are using North Central EMS will be paying for radios for both North Central EMS and the other entities as well. Mr. Boose said once again, this is not fair.

OLD BUSINESS/NEW BUSINESS

Ms. Ziemba stated she received a follow up email from Ms. Minor on the Prevention Retention Contingency (PRC) payments held on the claims schedule. Ms. Minor states: "Caretakers are different. It can be up to \$2500 every 3 months....it allows us to utilize other funding other than pulling from the Children Services cost pool". The payment in question is for an individual taking care of their grandchildren and is involved with Children Services. Someone died in the hurricane in Florida a little while back and the grandfather took custody." Mr. Boose and Mr. Brady would like to see a copy of the bylaws.

Ms. Ziemba received an email from Apex, Roger Hunker is unable to make the meeting on Aug. 27th. Callie Chaplain will attend in his place with Jessica Walsh.

Bruce Wilde moved to release the PRC payments held on the claims schedule. Harry Brady seconded the motion. The roll being called upon its adoption, the vote resulted as follows:
