IN THE MATTER OF CERTIFYING CLAIMS SCHEDULES TO THE HURON COUNTY AUDITOR FOR PAYMENT:

Gary W. Bauer moved the adoption of the following resolution:

WHEREAS, as per Ohio Revised Code 305.10, a resolution must be made by the Board of Huron County Commissioners to accompany the Claims Schedule to the Huron County Auditor's Office for payment; now therefore

BE IT RESOLVED, that the Board of Huron County Commissioners does hereby approve Claim Schedule C 08-31 and authorize the Huron County Auditor to make the necessary warrants; and further

BE IT RESOLVED, that the foregoing resolution was adopted and all actions and deliberations of the Board of Commissioners of the County of Huron, Ohio relating thereto were conducted in meetings open to the public, in compliance with all applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

Ralph A. Fegley seconded the motion.

Discussion: After discussion of the claims the board agreed to hold vouchers to Shipley's paid from #023 & #036 for further information.

The roll being called upon its adoption, the vote resulted as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye – Ralph A. Fegley

Sheriff Sutherland 255 Shady Lane Drive Norwalk, Ohio 44857

Dear Sheriff Sutherland:

As you are well aware the 2008 budget is very tight and all indications show that the 2009 budget will be a repeat of 2008 with even less funds available. To that end we are informing you that we will no longer approve any outside consultant fees for human resource work or labor issues, now that your negotiations are completed.

Please advise your staff to call Sue Bommer, Human Resource director, 419-668-6262 with any questions, issues and concerns when in the past you would normally call Jeremy Iosue of Dylan, Iosue & Associates, (Gortz & Associates) with these issues.

Thanks in advance for your assistance in saving the much needed general fund dollars.

Sincerely,

HURON COUNTY BOARD OF COMMISSIONERS

Assistant Prosecutor's Report

Daivia Kasper, Assistant Prosecutor reviewed the Schonhardt proposal and they will send another proposal to us including the changes that Ms. Kasper provided to them for indirect costs. Ms. Kasper also discussed the notice of commencement for Christie Lane bus garage.

OTHER BUSINESS

Mike Adelman referred to the request received as follows:

I'm writing in regards to the JDRF Benefit car show that we are hosting at PDI 10 Williams St on Saturday Sept 13. I was wondering if it was possible to use the administration buildings parking lot to park cars of those attending the car show (Not the classic cars) as we did last year. I understand that it would be our responsibility to clean the area after the event. I would appreciate your consideration of this matter. If you have any questions please feel free to contact me - Thank you Debbie Rhoad 419-668-8012 419-577-5014 stated that it was ok for the parking lot to be used for the car show

The board agreed that this would be approved.

Gary Bauer stated that he had received a call from Karen Justice, Bellevue city council asking him to call Mayor David Kyle to discuss the invoice and Mr. Kyle wanted to know if Huron County was going to pay the Bellevue Muni-court invoice. Mr. Bauer stated that we just recently received an actual invoice that we could pay on. Mr. Kyle also asked if Huron County was going to wait and see what happened with Sandusky county. Mr. Bauer stated we wanted to wait and see if they were going to cut Sandusky County a deal because then we would ask for the same deal. Mr. Kyle stated that he understood that, but that they were not going to cut Sandusky County a deal, and that they were going to take action against Sandusky County. Mr. Bauer explained that the budget is very tight and if we would have been billed when we should have been billed it would have been paid. Mr. Kyle stated that he understood this, and that he was willing to split it up into a couple of years or something like that. Mr. Bauer reported that he said that the board would talk about it today. Mr. Bauer felt that this did leave the door open for compromise. Mr. Bauer promised that our chairman would get back to him after the board's discussion. Mr. Bauer directed a question to Daivia Kasper, asking if sooner or later we will have to pay this bill. Ms. Kasper stated that she is not convinced that we will have to pay all of it. Further discussion was had and Daivia Kasper, Assistant Prosecutor, stated that she would contact Sandusky County Prosecutor. Mr. Adelman stated that he had a conversation with Terry Thatcher, Sandusky County commissioner and he stated that they had also received a letter from an attorney and just had some discussion in this regard and they are not about to pay this invoice, and were responding.

At 9:50 a.m. Gary W. Bauer moved to enter into Executive Session ORC 121.22 (G) (3) a conference with an attorney for the public body concerning disputes involving the public body that are the subject of

pending or imminent court action. Ralph A. Fegley seconded the motion. The roll being called upon it adoption, the vote resulted as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye – Ralph A. Fegley

At 10:10 a.m. Ralph A. Fegley moved to end Executive Session ORC 121.22 (G) (3). Gary W. Bauer seconded the motion. The roll being called upon its adoption, the vote resulted as follows:

Aye – Mike Adelman Aye – Gary W. Bauer Aye – Ralph A. Fegley

At 10:11 a.m. the board recessed.

Other Business Cont.

Gary Bauer discussed the conversation that he had with Dale Sheppard City of Norwalk in regards to farm machinery using the by-pass. The numbers were reviewed of machinery and chemicals going through town. Mr. Sheppard will run these numbers past the board and send to ODOT.

Ralph Fegley discussed the vehicle situation and what has been made on GovDeals, also discussed the truck that Jerry Huffman drives to be put on GovDeals as well. Lon Burton, and Jerry Huffman will share a vehicle. Mr. Fegley also discussed the window situation at the courthouse and replacing the two windows in the judge's office, need to get a quote for new windows in there and charge it off the capital fund. A discussion was had in regards to a request received for washing the windows. Mr. Bauer stated no that we have hired help and they should work. We should not pay an outside firm to wash windows. The board agreed to saying no to the outside firm washing the windows.

At 10:25 a.m. the board recessed.

Mike Adelman stated that basically what we are going to speak to today is where we are at with the current revenues in 2008 and addressing spending for the remainder of the year, discuss carryover and then look ahead to the 2009 budget, and in addition to that Sue Bommer, Human Resource Director and Bill Ommert, EMA Director will have a few comments on a couple of additional topics. To start things off Mr. Adelman has asked Auditor, Roland Tkach to speak to the current revenue and the carryover. Mr. Tkach stated that the general economy in Huron County is being reflected. Interest rates have gone down, expenses are up even in our own personal lives and the county is no different. The major concerns that he has, one being in the real estate tax collection as far as the portion that comes to the county is off budget by

\$110,000. Over the last few years it has gone up on a consistent basis as to what the county had been receiving in real estate and mobile homes taxes. With all the settlements being done, the estimate was \$1,900,000 and it came in just shy of \$1,789,000 and that is where we begin this discussion. Mr. Tkach spoke to the handout that he passed out:

This handout shows what the actual cash balance was at the beginning of the year and what the general fund has received in income since that time through July 31st and you can see where the expenses are and the cash balance of \$1,226,000. When we compare that to where the cash balance was as of July 31, 2007 there is a difference of \$652,000 in cash. That has a direct impact on what our carryover is at the end of the year. When you look at the tables showing what our actual cash balances where since 2003, in 2006 you see that there was a bump and the reason for this was this is when they instituted the destination sales tax. This is going away. In 2005 we saw an increase of sales tax of 70% prior to that time we were averaging an increase of sales at about 2% a year. With the destination sales tax going away you will see a 5% drop in sales tax next year. The estimate for this next year instead of \$7,500,000 we are probably only going to bring in \$7,000,000 which is about 6% drop right there. Another area is the interest income in 2007 was \$855,000 this year it is going to be about \$600,000, and the estimate for next year is going to be about \$360,000. The bottom line is this the carryover estimate balance that we are going to have next year at current revenue and spending levels is going to be \$750,000 that means in next year's general fund budget is over \$1,200,000 that they are going to have cut out of the general fund budget, because we do not have the carryover. What our jobs are now is to keep the spending under control, so that we can have a carryover. This is the county budget by the numbers and when you are looking at the cash it is not business as usual and the cuts are going to come. Just in the carryover alone when you figure the budget was \$15,000,000 we are going to cut \$1,200,000 right off the carryover. Sheriff Sutherland asked if we have an estimate of the money that is still owed the county for back taxes. Mr. Tkach stated that is a question for the county treasurer. Mr. Adelman stated that what Mr. Tkach is talking about is the circumstances with the economy and the revenue or lack of that is coming into the county right now and the expenses are rising, this year our general fund budget was \$15,150,000 which was cut to that number. Mr. Adelman stated that he has put a pencil to this and right now what might be the revenue estimate is \$13,700,000 or \$13,800,000 and went through the budget worksheets in terms of items that are mandated and put those numbers in there and basically it brought it down to about \$10,000,000 so it looks like we have about 85% or 86% of the revenue that we have available. We are going to have about 14% or 15% less revenue to work with, and one way or another it is going to have to be pulled together. Mr. Adelman stated that next year is going to be very challenging. Mr. Essex stated that this has been the same for the commissioners over the last half a dozen years or so, and there hasn't been a time when the budget looked good. At the same time as a result of that and those of us that work in organized unions we hear the budget is falling the budget is falling but at the same time there does not seem to be any well publicized proactive steps being taken to say this is how we are going to cut. There is almost a refusal to use the L word and everyone rises to the occasion to make little cuts here and there and we get through yet another year

without having to take any drastic measurers in order to patch work the budget so that we can survive another year. Is 2009 looking to be the year where some drastic measurers are going to have to be taken. Mr. Adelman stated this is a legitimate question, but it is one that each department will need to make. The board will take a look at the revenue that is available and establish the appropriation for each department then each office holder will need to make the decision as to how to operate their office. Mr. Fegley stated that to answer your question in a little different way, the last four years the commissioners have tried to demonstrate to everyone that we are really trying to cut as much as we can, in fact we have gone down four people in our department. We have worked on vehicles and energy costs but this is not going to cover everything coming along, stated that this is serious stuff and we are going to have to look for other ways to make this work. Mr. Bauer stated everyone is going to have to look at the last four months of this year and if there are places that you can cut what you are spending this year that will only help next year. We get requests all the time for more spending which could be justified that would be good, would make conditions better, but everyone has to look at those requests and if you can get by, or if there are jobs to do in your facilities that we have the manpower to take care of we have to do that. We have to reduce the number of times that we go outside and hire help, when we should use the personnel within our maintenance staff and custodial staff to get the job done. This will all help the carryover, these are tough times. We are all in the game together and we will get though it but it will need to be together. The sheriff asked about transferring from one line item to another. Mr. Adelman stated that this has always been allowed. Mr. Essex stated an example a 10% cut in payroll budget across the board which is a Wednesday unpaid afternoon is a \$1,500.000 which would cover the budget shortfall. This is something that has been discussed unofficially. Mr. Essex stated that this is something that eliminates the need for serious layoffs, maintains the workforce and level of services and could be cover just by scheduling. Mr. Adelman stated this may be one of the things coming under discussion. Mr. Adelman stated that we are headed into the last third of this year and it will be probably very shortly, but the second week or so in September we will be able to get out some type of budget appropriations for 2009. The earlier we get to this the better it is going to be, as everyone needs to see where they are at and be able to make some judgment calls on how to handle that budget. This will be our next step in this regard.

Sue Bommer, Human Resource director stated it was brought to her attention from CORSA and Bache & Associates that they are seeing a lot of contracts lately (equipment leasing contract) with some language that we would not be able to comply with; such as holding harmless language and attorney and fact language. CORSA has said they would review any contract that officials or department heads are looking into signing to make sure that there isn't any language that could harm us later on. Ms. Bommer encourages the contracts be sent to her and she will forward them to CORSA. Also encourages this to be done before they are signed because once they are signed they are binding. Ms. Bommer asks that all contracts either be reviewed by the Prosecutors office or CORSA.

Bill Ommert, EMA, reminded the departments of the need for the Continuity of Operations Plan. There are 8 departments that have not submitted yet; please get them in; are past deadline. Mr. Ommert offered assistance for these departments. Mr. Bauer gave examples to reinforce the need for these plans.

At 11:15 a.m. the board recessed.

At 11:30 a.m. regular session resumed with the elected officials and department heads meeting.

Jeremy Iosue, Dylan, Iosue, & Associates came before the board in regards to the fact finder's report. Discussed this report and explained how the wages were determined and the health insurance. In the long run it was better to win the health insurance issue rather than the wage issue. Also won the longevity issue and the majority of the operations issues. Mike Adelman agreed that the health insurance issue was a major issue to win, but wishes that the conciliator would have been more responsive to the wage issue.

At 12:08 p.m. Gary Bauer moved to adjourn. Ralph A. Fegley seconded the motion. The meeting stood adjourned.
