SIGNINGS

REGULAR SESSION At 9:30 a.m.

TUESDAY

OCTOBER 7, 2008

Sue Bommer, Human Resource Director came before the board to review procedures for using the DJFS vehicles and gas cards. Ms. Bommer stated that DJFS uses Fuel Man. Cheryl Nolan pointed out that if someone from the commissioners or buildings & grounds was using one of the vehicles they should fill up at Sunrise Cooperative if possible as the county has a contract with Sunrise for a five cent discount under the pump price.

Ms. Bommer also discussed a program that she has been reviewing with Peg Baird, FTMC. The program would be directed by the cardiac center. They would take 100 volunteers from the Norwalk Police Department, Norwalk Fire Department and the Huron County Sheriff's Department and would provide free of charge cardiac screenings for these stress related positions. Ms. Bommer stated that the doctors involved with the new cardiac unit came up with this idea to offer to safety forces. The board agreed to move ahead as this is a great opportunity. Ms. Bommer reviewed the screenings that would be preformed.

At 9:54 a.m. Eva Gorby, Victims Assistance came before the board to report that the county has received the VOCA grant award.

apportionment (44% instead of 49%). Please see the attached worksheet as further explanation of the calculation of costs payable by Huron County.

The Board hopes that the payment of \$55,264.75 for past years and regular payments in the future each year of the prior year's costs, payable within 30 days upon receipt of invoice, will allow all the political subdivisions involved to move forward during these difficult financial times.

After you have had the opportunity to review the enclosed with the City, I would expect to hear back from you at your earliest convenience.

Thank you for your assistance in this matter. Please contact me if you have questions or concerns regarding the above

* No action taken.

Ralph Fegley asked Pete Welch whether or not the methane gas has been tested at the landfill for use. Mr. Welch stated that the field testing has not been done yet, and also stated that they come around about every three years wanting to do the testing.

Gary Bauer presented the Erie Regional Planning Commission meeting agenda and referred to the fact that this is the way he would like to see Huron County Planning Commission prepare and agendas to include reports from the departments involved so that the board has a chance to review ahead of time. Mr. Bauer also presented the agenda from the Airport meeting that he attended.

Ralph Fegley stated that he had spoken with Poggemeyer Design and stated that the system at the HCOB is not working properly yet. The heat does not go to the fifth floor until the Courthouse is satisfied. This is a problem that needs to be attended to. Mr. Fegley also spoke in regards to annual maintenance for the new boilers. The question is, are we doing any type of preventive maintenance. Mr. Fegley also discussed the automobile pre trip inspection forms that are to be filled out before using a vehicle from DJFS.

Discussion was had in regards to the auto maintenance policy. After further discussion in regards to the garage not paying for itself since the out of general fund departments are not using the garage the board will consider leasing new cruisers and closing the garage.

Mr. Adelman discussed getting figures for the 2009 interim budget and will start putting numbers together on the spread sheet. Mr. Adelman also referred to the HB 72 in regards to setting the elected officials salaries and explained how it works, and also stated that at this time there are two different proposals before the legislation in this regard. CCAO is backing the proposal that would propose leaving the legislation as it stands to set elected officials salaries. Mr. Adelman stated that he feels that the board should consider requesting that the elected office holders consider taking a freeze on what their 08 salary is into 09. Not being able to extend a pay increase to the county employees that the elected officials should not take an increase either. This topic will be discussed further on Thursday, October 9, 2008. Gary Bauer and Ralph Fegley both stated that they support this statement.

At 11:58 a.m. Gary W. Bauer moved to adjourn. Ralph A. Fegley seconded the motion. The meeting stood adjourned.
